

# Engineering & CAD Rolls

## SCA Engineering Rolls

- Undergo rigorous inspection and testing for superior performance.
- Are lint-free, acid-free with archival quality.
- Available in a case or bulk-bin quantities.
- Rolls unwind evenly and straight for more consistent print images and production"
- Superior ink hold out to produce crisp and sharp images"

## Engineering & Architectural printing

- CAD Output
- Check Plots
- Planning & Designing
- Proofing

**Acid-free** - documents will not yellow or fade over time.

**92 Bright** - whiter and brighter sheet, increases contrast for greater impact on final prints.

**Guaranteed performance** - all engineering, CAD and wide format printers including OCE, Xerox, KIP, Canon, Epson and HP.

**24# High Resolution** - photobase rolls have exceptional base stock that produces superior print results.

**Nationwide Delivery**
